

Meeting for Space for Student Initiatives, 22nd October 2024

Location: Director's room.

Present student side: Stan SN, Malva SN, Vlad MR, Zeynep SU, Alina SU, Alease SU, Sasha SU, Melanie GO

Present management side: Lizzy, Maaike is sick

Space for student initiatives.

School Newspaper - using Library last year. Moved to Wednesday from Thursday. Using backroom of library once, gallery 3 once, gallery 4 tomorrow (Gipsenzaal was an option, but wrong vibe). If everyone would come in at the same time in the backroom it would be too little space.

Looking for a space!

It's a matter of timing for their schedule and how the library is open on Wed. They want to set up to hand this over, but the library is not the ideal space for this, since it comes with a certain responsibility which is easier managed in the galleries.

It could even be in a classroom.

Goal: coming together, making, public character, not too much hidden.

Mushroom Radio - using outside mostly. Don't know what we could use in the school. Last year it didn't involve more ppl, now it's more event-based. How could it be possible inside?

Suggested ideal space: Attic of ArtScience. Auditorium.

Question from Sasha SU: can students book in the Conservatory? Since we have a collab? Ask Bianca?

Goal: event-based, good acoustics.

Student Union - had one session in BD.111. Talked to Mushroom radio to claim that room. But now MR needs changed. In terms of size it can work either small or big. We have the shelf, but it's not sufficient, but it should be an actual third space. A separate area where things can be put would be quite handy. An open storage. A room designated as a shared space. The way you have classrooms now, they are assigned to student initiatives.

Suggestion: Directorate's room. Which also feeds into the hallway and the Garden Space.

Goal: bi-weekly meeting where the door is open and people can come in and talk. Tried Gallery 4 during day - 1-4PM. Worked well.

GRADA - similar to SU. Space changes quite a different times a year.

Suggestion: space in front of Gallery 4. Like a student lounge. Open call: furniture for a lounge in front of Gallery 4. First collaborative project among student initiatives. This goes through Lizzy.

Goal: no specific needs. Just a space for community. Storage.

Green Office - needs similar things to SU and GRADA. Once a week meetings. Computer-based meetings. Space for poster or banner.

Goal: weekly meetings on Tuesday. Space to hang out.

Film Club - claims space.

General limitations:

Space used by the entire community.

No feeling of an in-crowd.

Put up a sign to announce there is a meeting in session.

Brainstorm:

Let's add some visuals to this and inspiration spaces, pls!
